DTIC/NTIS identification number for this publication is DIOR/P02-92

FOREWORD

500 Contractors Receiving the Largest Dollar Volume of Prime Contract Awards for Research, Development, Test, and Evaluation (RDT&E) is published annually. This report provides information on the 500 contractors that received the largest dollar volume in Department of Defense (DoD) prime contract awards over \$25,000 for RDT&E. These data are presented in five tables showing:

1. An alphabetical listing of the top 500 companies, with rank;
2. The ranking and net value of awards to business firms operating in the United States;
3. The ranking and net value of awards to educational and other nonprofit institutions operating in the United States;
4. The ranking and net value of awards to foreign contractors; and
5. The ranking and net value of awards to U.S. Government Agencies.

---	-----------

INTRODUCTION

This report presents summary data on the 500 prime contractors receiving the largest dollar volume in Department of Defense (DoD) awards over \$25,000 for research, development, test, and evaluation (RDT&E) work during fiscal year (FY) 1992. RDT&E work can include research, exploratory development, advanced development, engineering development, operational systems development, or management and support services. (Full definitions for each of these categories are provided in DFARS 235.001.)

Table 1 (page 7) lists the 500 contractors in alphabetical order, shows the ranking for each, and shows how each has been categorized for reporting purposes. The categories are business firm (B), foreign contractor (F), and nonprofit institution (N). Table 2 (page 13) shows the net value of awards to U.S. business firms by rank. Those firms which qualify as small businesses are further identified by an "S". The net value of awards to each of the firm's reported locations is also provided. Tables 3, 4, and 5 (pages 29, 33, and 35, respectively) provide the net value of awards to U.S. educational and other nonprofit institutions, foreign contractors, and U.S. Government Agencies. (While awards to U.S. Government Agencies are listed separately in Table 5, these agencies are categorized as nonprofit institutions in Table 1.) As in Table 2, contractors in Tables 3 through 5 are shown by rank, with their total awards indicated by an asterisk (*). The value of awards to each of the contractor's reported locations are also shown for these tables.

NOTES ON COVERAGE

The dollar amounts shown here include prime contract awards over \$25,000 for RDT&E work only. Data on awards for other services, such as training, and on any supplies furnished by the contractors in support of research being done are excluded. RDT&E contract awards for civil functions also have been included in these data. Civil functions encompass planning, programming, designing, constructing, and operating Federal water resource projects for navigation, flood control, hydroelectric power production, water supply, and other related activities.

The locations shown in the tables are the places where the work was to be performed. Normally, this is a facility of the concern awarded the contract. However, if the work was scheduled to be performed at a Defense facility, such as an Air Force base, the location shown may be that of the Defense facility rather than the contractor.

DATA RELATING TO COMPANIES IN THIS PUBLICATION ARE SUBJECT TO THE ACCURACY OF THE DUN & BRADSTREET CORPORATION'S DATA UNIVERSAL NUMBERING SYSTEM (DUNS) AND/OR THE FEDERAL PROCUREMENT DATA SYSTEM (FPDS) CONTRACTOR ESTABLISHMENT CODE (CEC) AND THE ABILITY OF THESE CODING SYSTEMS TO DESCRIBE RELATIONSHIPS OF COMPANIES.

HIGHLIGHTS

The following table shows the net value and percent distribution of all RDT&E awards. RDT&E awards to the top 500 companies, and all other RDT&E awards for FY 1992.

Department of Defense Prime Contract Awards Over \$25,000 Fiscal Year 1992

*LESS THAN 0.5 PERCENT

NOTE: TOTALS MAY NOT ADD DUE TO ROUNDING

Based on the percentage of total awards, the distribution of FY 1992 awards varies moderately from that in FY 1991. In FY 1992, the top 500 contractors included 419 U. S. business firms, (192 were small businesses); 67 educational and nonprofit institutions; 2 U. S. Government Agencies; and 12 foreign contractors.

In FY 1991 the top 500 consisted of 400 business firms (183 were small businesses); 81 educational and nonprofit institutions; 3 U.S. Government Agencies; and 16 foreign contractors.

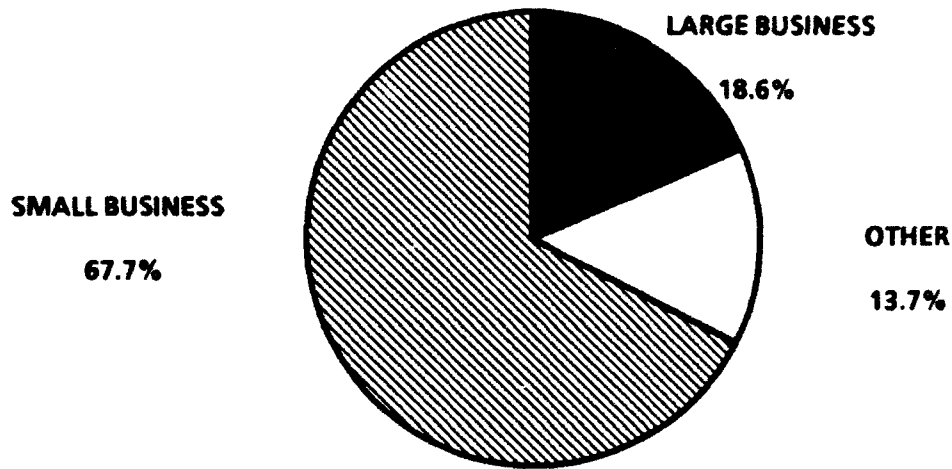

The top 500 RDT&E contractors received awards totaling \$20,943 million in FY 1992, compared to \$20,200 million in FY 1991, an increase of \$743 million or 3.7 percent. The \$20,943 million represents 96.4 percent of the \$21,730 million total prime contract awards over \$25,000 for RDT&E work in FY 1992.

In addition to the top 500 contractors, there were 2,297 other contractors for whom RDT&E procurement actions over \$25,000 were reported, for a total of 2,797 contractors in FY 1992. In FY 1991, the total number of contractors was 2,743.

Of the 37 contractors with RDT&E awards of \$100 million or more in FY 1992, 33 were business firms and 4 were educational and other nonprofit institutions. These 37 contractors had a total of \$14,716 million in RDT&E awards. In FY 1991, there were 39 contractors who reached the \$100 million plateau, with awards totaling \$14,277 million. Of these 39 fiscal year 1991 contractors, 35 were business firms and 4 were educational and other nonprofit institutions. The amount of awards for this \$100 million group increased by \$439 million or 3.1 percent between FY 1991 and 1992.

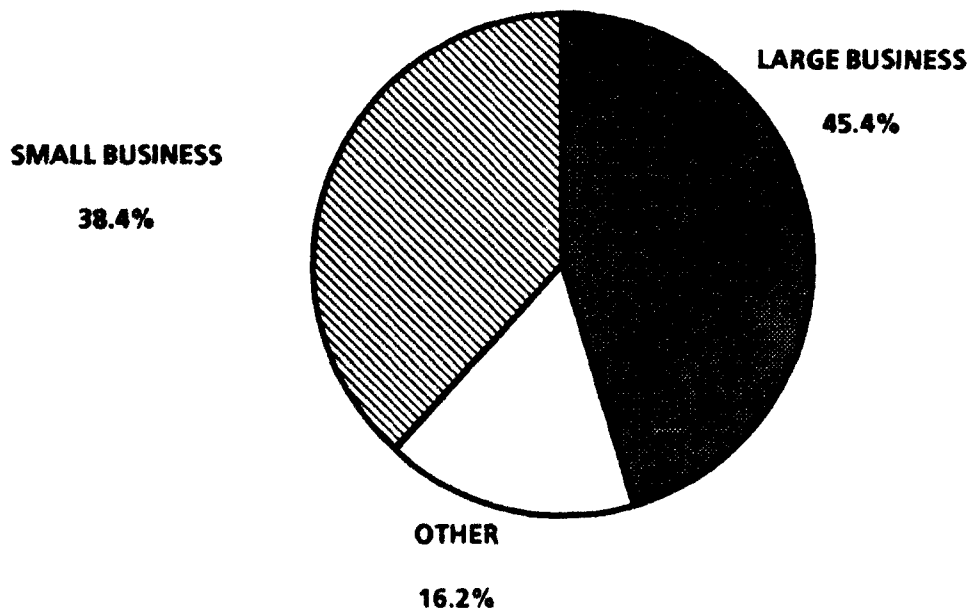

Breakout of the type of contractors receiving RDT&E awards are shown in the following charts. Both of the next two charts show the number of firms and their associated percentages, not the percentage of dollars.

TOTAL CONTRACTORS RECEIVING RDT&E DOLLARS
Fiscal Year 1992

TOTAL NUMBER OF FIRMS = 2,797

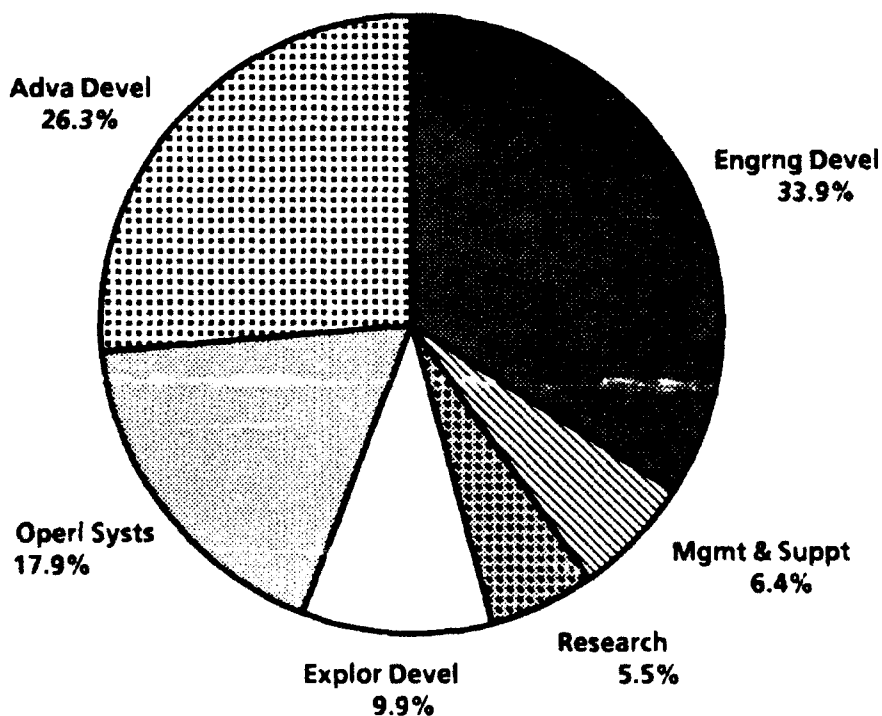

TOP 500 CONTRACTORS - RDT&E
Fiscal Year 1992

The following table shows the type of RDT&E work the contractors were engaged in and the net value and percent distribution of all awards for each of these types in FY 1992. Engineering development accounted for the majority (33.9 percent) of RDT&E awards, followed by advanced development (26.3 percent).

TYPE	AWARDS (\$000)	PERCENT OF TOTAL
RDT&E - TOTAL	<u>\$21,730,462</u>	<u>100.00</u>
Engineering Development	7,371,739	33.9
Advanced Development	5,709,311	26.3
Operational Systems	3,893,672	17.9
Exploratory Development	2,159,440	9.9
Management and Support	1,401,048	6.4
Research	1,195,252	5.5

DOLLAR AWARDS BY TYPE OF RDT&E WORK
Fiscal Year 1992

The last table shows the net value and percent distribution of all RDT&E awards by type of program. Within the RDT&E contracts, the largest volume of awards was for the research, development, test, or evaluation of missile and space systems, services, electronics and communication equipment, and aircraft. In FY 1992, a combined total of \$18,969 million or 87.3 percent of all RDT&E awards over \$25,000 was for work connected with these programs.

PROGRAM	AWARDS (\$000)	PERCENT OF TOTAL
RDT&E - TOTAL	<u>\$21,730,462</u>	<u>100.00</u>
Missile & Space Systems	5,730,263	26.4
Services	4,951,902	22.8
Electronics & Communication Equipment	4,264,553	19.6
Aircraft	4,022,323	18.5
Ships	523,035	2.4
Ammunition	454,822	2.1
Tank-Automotive	424,719	2.0
Weapons	285,420	1.3
All Other	1,073,424	4.9
